euro truck simulator 2 - scottish paint jobs pack

i like the scottish stuff. Good paintjobs. I love Scottish colors Blue & White are perfect on a Truck :) If you like the Scotland take this one with or Without Steam Sales on ;). <https://www.youtube.com/watch?v=ciPu4DnKBuM>

.If you feel like spending money to get more paints for your truck, great! If not, then don't buy it. Just what it says on the cover, some new paint styles for your truck.

Alternative Choices: Euro Truck Simulato 2 - [Blank] Paint Pack; [I'd suggest checking the others, because if you see a paint you really like, it'll probably be the only one you use, so just buy the one with the best paint if you're buying any.]. I like the blue and white paint not a fan of the others but still good pack. They are pretty cool, i like the tartan paint job, worth the 79pence, the huge saltire looks excellent...and the others are rather brow too, worth the small amount of cash.

Why doesn't the description say what trucks and modifications are supported? I have used some of the new paints before but none of the Scania or DAF trucks I am driving at the moment have any of the new paint jobs available.

All in all though, some lovely looking skins in there. I love the full sized Solire ones. :) not so nice. Looks like something Nicola Sturgeon would drive.. I like your flag!. Amazing. Love it on the Renault, I have the Metallic Flag on my Renault. 2V1, 6V5, 11V10
